

85. (1)

In order to upgrade efficiency and productivity relating to the activities of the Provincial Council and to operate projects and programmes of the Provincial Council, to identify improper control while taking measures to prevent such, to gather information to formulate new policies, to inquire whether public needs are accomplished by the Executive, to look into requests of distressed people of the Province, to promote revenue of the Province, and to observe whether administrative functions are in accordance with human rights, the Chairman has power to appoint committees.
